WELCOME

GASTHAUS ST. VITH

Towards the end of the 16th century, Abbot Jakob Hecken had St. Vith built as an inn for Gladbach Abbey. It served to accommodate and feed the guests of the monastery. Today the core of the St. Vith is one of the oldest non-church buildings in the city. According to legend, it was built in 1586. The pillory (= "Kax") originally stood on the market square. If the abbot was absent, the ducal bailiff had the wooden pillory torn down and replaced with a stone one bearing the coat of arms of the Dukes of Jülich. Since the abbot, despite protests, was unable to assert himself against this approach, he ordered the construction of St. Vith so that the view from the abbey windows would not keep reminding him of his defeat. St. Vith had its prominent location but not earlier. A neighboring onethree-story row of houses between Market and main parish church was in World War II destroyed and not rebuilt.
